C. POLICY STATEMENT

1. Principles

- 1.1 We believe in free and open enquiry in all matters.
- 1.2 We believe individuals have the broadest latitude to speak, write, listen, challenge ideas and learn.
- 1.3 We believe individuals have the right to challenge, debate, and criticize the views of others but not obstruct the right of others to freely express their views.
- 1.4 We believe the offensiveness of ideas should not be a barrier to individuals having the freedom to express their ideas or points of view.
- 1.5 We believe it is up to individuals not the institution to make judgements about the ideas put forward.
- 1.6 We believe institutions should not attempt to shield students from ideas or opinions they disagree with or find offensive. Mutual respect and civility are valued, but do not constitute sufficient justification to limit free speech.
